

The **Eliminator Lighting Frost FX BAR W** is a 1-meter linear entertainment lighting fixture that creates color washes and breathtaking color chase effect. It has two types of color LEDs in one fixture. It has fourteen 3W white LEDs with ACL lens across the front of the fixture to create intense beam effects. Plus, it has eighty-four RGB SMD LEDs behind a frosted plastic lens that create glowing color chase patterns. Both sets of LEDs run independently.

Each fixture has 45 built-in lightshows that can be triggered from the on-board 4-button display controls or run in DMX, sound or primary/secondary configurations. Multiple fixtures may be linked together through 3-pin DMX In/Out data connections and locking power in/out connections to so that the power may be daisy chained from one fixture to another.

Users may choose from 64 built-in color macros and 9 flexible DMX channel modes. The fixture offers 0-100% electronic dimming and requires a maximum of 55W per unit.

The Frost FX Bar W horizontally or vertically for unique effects for stages, bars, lounges, clubs, bands and mobile entertainers. Multiple fixtures may be placed directly next to each other to create a seamless band or color light.
