

Offering a one-stop lighting solution, **the Eliminator Lighting Furious Five RG** packs five distinctly different effects into one compact fixture. Ideal for mobile entertainers as well as installers working in bars and clubs with limited space, this unique unit generates a complete lightshow featuring derby and laser beams, UV and color washes, as well as strobe effects. At the very center of the fixture is a laser aperture which projects countless diffracted beams generated from two laser diodes (70mW green and 100mW red). Surrounding the aperture are 81 x white SMD 5730 LEDs, which form the variable speed strobe element of the lightshow. Spread on each side of this central area are 6 x 3-Watt 4-in-1 (red, green, blue, white) LEDs, which generate vibrant color washes, alongside 4 x 3-Watt CREE UV LEDs that create the classic 'blacklight' effect. Finally, on either side of the fixture are two derby lenses, which each use 8 x red, 6 x green, 6 x blue and 6 x white LEDs to project animated dot patterns and generate engaging mid-air effects.

## SPECIFICATIONS:

- 5 effects in 1 fixture
- Strobe: 81 SMD 5730 white LED
- Four (4) 3W UV CREE single color
- Six (6) 3W Quad (RGBW) LEDs
- Laser Diodes: Red = 100MW and Green = 70MW
- Moonflower effect: 5mm LED (16x Red, 12x Green, 12x Blue 12, 16x White)
- 4 operation modes: Automatic running, DMX, Sound Active and Primary/Secondary
- Sound controlled via built-in microphone
- 0-100% linear dimmer
- Power Consumption: 60W
- 2DMX Channel modes: 11 or 24 channels
- Voltage: AC110-240V 50/60Hz
- Unit Dimensions (LxWxH): 18" x 7" x 6.5"
- Weight: 8 lbs.
- Laser accession number: 2110902-000
- CE Certified

## Included in box:

- Power cable
- Hanging Bracket

LED MOONFLOWER

RED/GREEN LASER

COLOR WASH

STROBE

UV FX
