

SPHERION WH LED

The Spherion WH LED produces an effect that is similar to a modern Mirror Ball. It features five bright 3-Watt white LED sources that project sharp beams of light that slowly rotate and fill an entire room. The unit has a low 27W power draw, and includes rubber feet and a removable hanging bracket so the unit can be set on floor or table or hung from the ceiling.

Specifications:

- Produces razor sharp beams from 116 lenses that rotate from a high output white LED source that fill a dance floor, ceiling or wall
- Beams of light slowly rotate 360 degrees (continuous rotation – not sound active)
- Beam Angle: 270 degrees
- Low heat output
- Runs extremely cool! - NO Duty Cycles! - Run all night!
- Power Draw: 27W Max
- Multi voltage: 120V~230V, 50/60Hz (IEC input only)
- Long life LEDs (50,000 hr. rating)
- Includes rubber feet and a removable hanging bracket (set on floor/table or hang on ceiling)
- LED Source: 5x 3-Watt White LEDs
- USA Model: 120V/60Hz or 230V/50Hz Switchable
- Europe Model: 230V/50Hz only
- Dimensions (LxWXH): 12.75"x8"x16.75" / 320x190x422mm
- Weight: 11 lbs. / 5 kg.
